

Attend as many courses as you would like within a year all for one low price!

Two Continuing Education Options

CE Gold – R&D's CE Gold program is intended for experienced users who wish to hone their SolidWorks skills. With R&D CE Gold, the student can attend any combination of SolidWorks courses (excluding Essentials) for one full year for the low price of only \$1995.00

CE Platinum – R&D's Comprehensive CE Platinum program provides extensive training, including our key Essentials program, lowering your overall training investment and decreasing the administrative paperwork. As with our standard CE program, the student can attend any combination of SolidWorks courses for one full year for the low price of only \$2995.00

SolidWorks Training Courses

Essentials: Parts & Assemblies

4 days

- Introduces the student to the SolidWorks User Interface. Students will learn basic Part Design, Assembly creation and fundamental Drawing creation
- \$1295 A La Carte Price

Advanced Assembly

2 days

- Teaches the student how to maximize the productivity of assembly modeling.
- \$695 A La Carte Price

Advanced Part/Surfacing

3 days

- Introduces the student to Free Form modeling. The student will learn advanced shapes such as sweeps, lofts and surfacing.
- \$995 A La Carte Price

Sheetmetal/Weldments

1 Day

- Teaches students how to build sheetmetal parts and assemblies made of welded structural members
- \$395 A La Carte Price

PDMWorks

1 day

- Introduces the student to the Product Data Management software available within SolidWorks.
- \$395 A La Carte Price

COSMOS Pro

3 days

- Offers comprehensive hands-on training on the applications of COSMOSWorks. The class discusses linear stress analysis, gap/contact analysis, and best practices.
- \$1295 A La Carte Price

Routed Systems

1 day

- Teaches the student how to develop piping, tubing and wire harnesses using SolidWorks Routed Systems.
- \$395 A La Carte Price

Essentials: Drawings

1 day

- This course will discuss additional types of drawing views, annotations and template creation.
- \$395 A La Carte Price
